Suggestions and Action Taken Report: Students (on Individual Teachers)

For students feedback on teachers, students are selected based on their subject combinations and their identities are not revealed in the survey. The survey is then statistically tabulated and analysed by the IQAC Coordinator, after which the report is then communicated to the concerned teachers. In case of a feedback below the minimum standard prescribed in their feedback form, the Principal personally interacts with the teacher and ascertains the reason in a constructive manner in areas of improvement. However, to maintain privacy, the tabulated results are not uploaded in the college website.
